

Contemporary Garden Style

Fresco planters

The distinctive look of Fresco planters is inspired by Italian 'polished plaster'. The tone-on-tone shades of warm grey combine to give an overall effect which is contemporary, without being hard-edged. The planters are smooth to the touch, with a light glossy patina.

This is a mid-weight range, with the largest items able to be handled by a couple of people.

Material: Cement and plant fibre composite.

Colour: Variegated light/dark grey.

Construction: Moulded, with 20mm rim.

Surface: Smooth, with a slight sheen.

Suitability: Light commercial and residential use.

Custom colours/sizes not possible.

Frostproof guarantee.

Drainage holes as standard – can also be supplied with a watertight seal.
