

Contemporary Garden Style

Marmoris planters

The natural marble used for these planters has a subtle, understated elegance which belies their strength. The shades of cream and sand in the stone are threaded through with delicate grey veins, which add interest and signal that this is unmistakably real stone.

With their light neutral tones, Marmoris planters make a versatile and stylish choice for both interior and exterior use.

Material: Quarried marble.

Colour: Variegated shades of cream with grey veining.

Construction: Cut sections of marble, 15-18mm thick, secured with specialist stone resin. Corners mitred and reinforced.

Surface: Smooth and matt.

Suitability: Most environments including heavy commercial use.

Custom manufacture available (subject to minimums and leadtime).

Frostproof guarantee.

Drainage holes as standard – can also be supplied with a watertight seal.
