

# Planting Guide

Use this guide to pick the right size of plant for your chosen pots, and to calculate how many bags of compost and decorative pebbles you need.

The guide also shows which size of self-watering reservoir to use with your chosen planter.

## GENERAL NOTES:

- Images are for ease of reference, but they do not show relative scale.
- Decorative Pebbles are not considered necessary for Buxus (as the plant will cover the soil), but they are recommended for 'Lollipops' and Phormium.
- We can only supply plants, compost, decorative pebbles and reservoirs if you are also ordering them with planters; they cannot be ordered separately.
- Planters and plants etc. are delivered together, but are not pre-planted.
- Plants cannot be exported outside of the United Kingdom.
- For additional advice, call IOTA on 01934 522617.

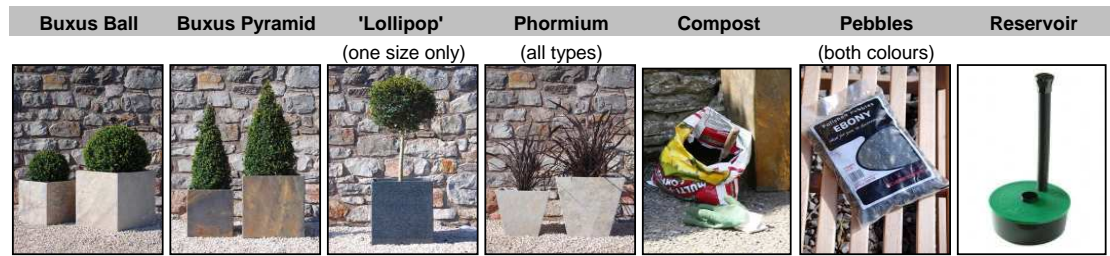

## PLANTER RANGES

### BLACK GRANITE

	Buxus Ball	Buxus Pyramid	'Lollipop' (one size only)	Phormium (all types)	Compost	Pebbles (both colours)	Reservoir
Black Granite Tall Tapered Plntr, XL	large	large	not suitable	large	1 bag	2 bags	large
Black Granite Tall Tapered Planter, large	large	large	not suitable	large	1 bag	2 bags	small
